

# STEVEN MANCINE

Software Developer

## BACKGROUND

Whether it's climbing, hiking, playing music or coding -- I love to solve challenging problems. Seeking a team-based, creative environment, where I can design transformative technologies.

## CONTACT ME

Denver, CO  
[Github](#) || [LinkedIn](#)  
stevenrmancine@gmail.com || 732-500-4785

## COMPETENCIES

JavaScript  
React + React Router Dom  
HTML  
CSS/SCSS  
TDD  
Mocha/Chai  
Cypress  
Node.js  
Express  
REST API  
Heroku  
TypeScript

## EDUCATION

### Turing School of Software and Design

Front End Engineering

- 1500-hour ACCET accredited intensive software engineering program that provides job-ready education in a remote environment

## PROJECTS

### Rancid Tomatillos

[Deployed Site](#) | [Repository](#)

Two-week paired programming project to develop an online movie aggregator that allows users to view movie summaries, ratings, and trailers.

*Technologies:* JavaScript, React, React Router, Heroku, API, Cypress

### metAPI

[Deployed Site](#) | [Repository](#)

A 10 day group project requiring self-teaching programming language - TypeScript. Users are able to search and filter public apis. Features include favoriting and saving notes for ideas on how to use a selected api.

*Technologies:* TypeScript, JavaScript, React, API, Cypress, CSS.

### Overlook Hotel

[Deployed Site](#) | [Repository](#)

Five day Solo project. Online reservation system that allows users to view availability, book and manage room reservations on a particular day. Inspirations pulled from Airbnb's homepage.

*Technologies:* JavaScript, HTML5, SASS, Heroku, API, Mocha, Chai.

## WORK EXPERIENCE

### Cellarman

4 Noses Brewing Company. | 2yrs

- Worked in a team-based environment to ensure efficient production of high-quality beer.
- Implemented and wrote standard operating procedures.
- Bridged communication and production channel between brewing team and packaging team

### Millie Counselor

Aurora Mental Health Center. | 3yrs

- Helped develop and implement the Crisis Stabilization Unit, designed to relieve issues of capacity at neighboring Emergency rooms.
- Facilitated group therapy sessions and client activities that encouraged healthy lifestyle habits.
- Managed Milieu behaviors and de-escalated clients
